Dear Steve,

Today marks the end of an era... for over four decades, you've been a part of Woodland Athletics. I wanted to take just a moment to thank you for your contributions to our school and community. It will be strange to see someone else leading the track team, but the solid foundation you are leaving behind will help us to continue the strong tradition of Woodland Track and Field that you were instrumental in establishing.

I wish you all the best as you finally get some well-deserved rest and relaxation. You will definitely be missed around the track by your athletes, the community and your colleagues. Please know that you are always welcome at WHS.

Take care,

Paul Huddleston
Athletic Director
