Renner, Tommy	8	Would like to see more of a definition for what exactly (educational program) means, so I know what would be cut. Have we looked at charging a yearly fee for riding the bus?
Dinehart, Todd		My sense from the community is that families feel pinched and are unhappy with the cuts that were made in the budget. They know cuts needed to be made, but should have been less extensive to the teachers. Need to be assured the community's voices are heard.
Hill, Nikole	27	As a parent and tax payer, we support increases in taxes to support educational areas. We would not likely support an increase for extra-curricular/athletics. Our children participate in activities and athletics; however, we feel those who use services should pay for it.
Kleeb, Joyce	32	I'm glad I attended this forum. It was informative. I'm sure more people would have come if they had known what I know now.
Wenger, Tracy	11	Principals, Edcation, Teachers, books and extra-curricular are the most important!
No Name		Was there not enough information out about this levy meeting? Not many people showed up. I don't think we should ask the community to build the new high school until employment improves. My husband hasn't worked steady this past year and may not for a while (construction). I would vote yes for <u>no</u> fundraising. But I think everyone should pay to get into ball games.
		Everytthing we do MUST be in the best interest of the students. I worry that we've moved away from this philosophy in the last few years. Please let this philosophy guide every decision you make in regards to WPS.
